[2] "World War I," 1pp. printed page from unidentified source in Copper Country Archives Vertical File "World War, 1914-1918", MTU Archives. This source is printed in Helvetica, so it probably post-dates 1990 at least.

[3] "List of boys of Adams and Stanton Twp. that enlisted in the service during the World War. [I added in ink afterwards," 10pp. typescript in Copper Country Archives Vertical File "World War, 1914-1918", MTU Archives. The list must predate WWII as the "I" was added to the title. In addition, pp. 7-10 are current addresses for many of the men, and many of them are still in the military, so this list may be from 1917 or 1918 (which may mean the pencil/crayon notation on the first page "1917-18" refers to when this dates from, but just when the war was on).
